Juniors and Seniors who are interested in an Applied Technology career can register to attend an Applied Technology Career Day at NECC. The event is Friday October 5th from 9:00-2:00. Students will experience the latest technologies, tools and techniques used in today's high-demand, high-paying career fields including: Auto body and Auto/diesel tech, Drafting, Utility Line, wind energy, and welding. Check the guidance office for more information and how to register.

The mustang poster hanging in the lunch room is a word cloud with all of the encouraging words the students wrote on the sticky notes during #BeKind day. It is a great reminder for us to use these kind words of encouragement everyday. #SpreadKindness.

Students are not to park their vehicles in the Stanton State Bank parking lot.
