USDA Local Wellness Policy
Triennial Assessment Summary Report 2026

Stanton Community Schools takes pride in supporting the needs of the whole child, to ensure that all children are safe, supported, engaged, and challenged each day as they walk into our building.

Research indicates that initiatives focused on improving aspects of students' well-being in schools—such as addressing childhood obesity, preventing bullying, supporting students mental health, and restricting schools' use of exclusionary discipline—have been found to be successful in improving student success, and academic excellence. We have assessed our wellness policy as part of the USDA requirements.

Every year the Governance/Americanism/Wellness Team meets twice a year. We present the Action Plan to the school board for approval in April. This action plan is located on our website at https://www.stantonmustangs.org/District/School Information/Triennial Wellness Assessment Information

Step #1- Healthier Generation 10-step Checklist

Step #2-Post results on progress made in meeting your 3 district wellness policy goals at BOTH:

1. ***Progress & Compliance with LWP***
2. ***District Action Plan***
3. ***GAW Committee Report***

We posted all the wellness information on our district website, and the school board approves the action plan that is created by our wellness team at a board meeting.

If you have any questions, please contact Darren Soucie at darren.soucie@scs-ne.org.

Respectfully,

Darren Soucie
